## RESEARCH PROJECT

Research Project is for students to take greater ownership and agency over their learning as they select relevant strategies to explore, conceptualise, create and/or plan to progress an area of interest towards a learning output.

PREREQUISITES: NIL

### WHAT WILL YOU LEARN?

01. Exploration of different ideas related to an area of interest. Selection and application of strategies to progress learning.
02. Seeks relevant sources of feedback, makes considered responses to progress the learning. Manages time and resources to maximise learning.
03. Appraises the value of the learning output and evaluates the impact of strategies and feedback on the learning process and output.
