

ENROLMENT ENQUIRY

DATE:

The Department for Education policy states that you will not be able to begin classes until NASC has confirmed that you have a current Working with Children Check. This requires you to bring 100 points of identification and payment of **\$62.15 which can be paid either by cash or credit card**. This application will be completed at your enrolment interview – please do not get any other clearances as they cannot be accepted. To save yourself a lot of time could you please bring in a list of where you have lived over the last ten years including dates **(months and years)** for your Working With Children Check to be completed. NASC does not accept invoices from JSPs for Working with Children Checks. If your **JSP** is paying for your clearance **you must organise this prior to your enrolment interview time**. If you have a current Working with Children Check you will need to bring **the unique number as proof** to your enrolment interview.

Name:	M / F
-------	-------

Address Details:
