

# EALD MATHS

Prerequisite: Foundation English

**SACE Stage I | 10 Credits | One Semester**

Every day, in practically every aspect of our lives, we use maths. In Essential Maths EALD focus, you have the opportunity to develop strong maths and numeracy skills as well as continue developing your English language skills. In this course we focus on financial literacy and real life everyday maths skills.

Understand and apply a range of maths strategies to solve problems

Develop financial literacy skills to manage your personal finances and live well

Investigate and apply work relevant maths skills to real life situations

## Transferable Skills:

Through this course you can develop a broad spectrum of 21st century employability skills vital across many industries: collaboration and teamwork; creativity, critical thinking and problem solving; communication, written literacy; planning, organising and time management.

## Assessment:

Stage I

Skills Assessment Tasks 50%; Folio Tasks 50%

## Future Pathways:

Every industry and pathway and every job involve some level of maths knowledge. This course gives you the opportunity to develop the skills and confidence for real-life maths, financial literacy and improved English language skills.

*The best thing about this course is the opportunity to develop stronger English language skills alongside everyday maths and financial literacy.*
